

# PowerOcean Single-phase

## Safety and Power Independence in Every Charge

The EcoFlow PowerOcean single-phase redefines home energy storage with an advanced safety system, LFP battery tech, a fire prevention module, and an IP65-certified design. Expandable up to 30kWh, it offers over 6000 charge cycles and a 15-year warranty—a secure, scalable, and future-proof power investment for your home.

### Sleek Aluminium Unibody Design

Fits into most spaces seamlessly

### Plug-and-play Battery Design

For simplified, intuitive installation and maintenance

### IP65 Rated with Corrosion Resistance

Protect your investment rain or shine

## Ready for Easy Outdoor Installation

PowerOcean single-phase meets the critical PAS 63100:2024 standards, ensuring top safety performance. Ideal for outdoor installations, it offers flexible placement options without compromising safety or efficiency.

## Start Small. Kickstart from 1 Battery.

Start with a single 5kWh battery pack, up to 30kWh, and watch your power solution expand alongside your needs.

# EcoFlow PowerOcean LFP Battery

### Battery Management System

Our intelligent BMS ensures each unit operates safely by avoiding overcurrent and overcharging.

### Fire Prevention Module

Integrated fire extinguisher systems provide extra protection, activating when batteries overheat.

### Auto Heating Module

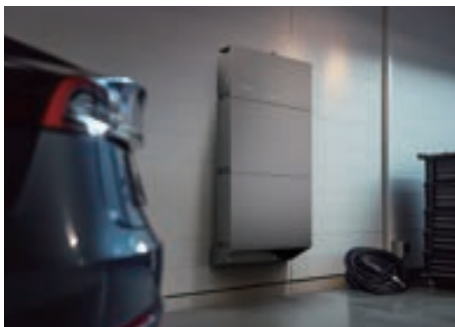

PowerOcean preserves battery performance and lifespan by maintaining an optimal temperature.

## Wall-mount and Floor-mount Options Available

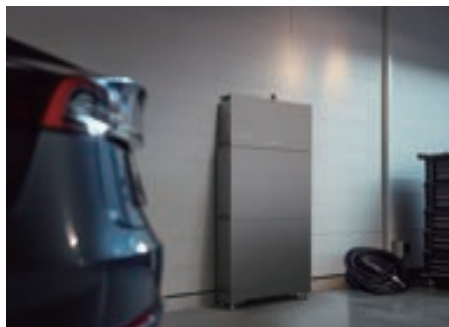

### Wall Mount Bracket

Support up to 10kWh Battery Packs and a Hybrid Inverter

### Floor Mount Stand

Support up to 15kWh Battery Packs and a Hybrid Inverter
